Our American Economic System is ☐ good ☐ bad.
(check one)

Most Americans (about 80%) believe that our economic system—with its individual freedom—is the best in the world, yet some changes are needed. To help give you a clearer picture of our system on which to base decisions, a special booklet has been prepared. For a free copy, write: "Booklets," P.O. Box 1887, New York, N.Y. 10001.
